

Instructions for Myra's Virtual Dispensary

FIRST TIME

The first time you sign in, you will be able to go ahead and place an order as a new client. Use the access code "**better**" and the zipcode "**94510**". You will then receive a password within 24 hours, so keep that in mind, as you will not be able to reenter a second time that first day.

Follow the directions to set up your access code with Emerson Ecologics on line. For questions on setting up your account or billing, contact Emerson Ecologics customer service.

As you check out and complete your supplement order, you will see a discount of 25% off your total. It will take some faith, until you see it at the end. I have established this discount with Emerson Ecologics, each time you place an order.

Questions or ideas about supplements or healthy lifestyle issues? [Contact me](#). I will consider adding your request to the Dispensary, or we may want to arrange for a consultation appointment in my office or by phone.

At the very bottom of the order form, there is a link to the full Emerson Ecologics catalog, or go via [Emersonecologic website](#) to see their extensive range of quality products.

Many of the nutritional items I may have recommended are available through the virtual dispensary. Others I sell directly, such as HerbalGem, Hyland's, and LifeExtension.

The products in the available through the Virtual Dispensary represent manufacturers who consistently exceed FDA standards for quality and purity. You can verify this on the Emerson Ecologic site.

It is my goal to provide the best products at the best prices to help you feel better.
